FRAME STYLE AND COLOUR OPTIONS

Tricept windows offer you a choice between the bevelled and ovolo sculptured frame styles depending on your requirements.

Both frame types are available in three colour options. In addition to white we offer two realistic woodgrain finishes, Light Oak and Rosewood. If preferred you can choose to have the woodgrain effect on the outside but maintain a bright white finish on the inside.

Bevelled Frame

Ovolo Frame

Brilliant White

Light Oak

Rosewood

Window heat losses can account for up to 30% of the total heat loss from a house.

This figure will be significantly reduced when you install Tricept energy efficient windows.

Casement Window with decorative bevelled fan-light

Casement Window with diamond lead pattern

Casement Window with Georgian bars

Casement Window with Rectangular lead design

Cottage Style with Georgian bar

*The lifetime cost of heat lost
through a window is greater
than the initial purchase cost.*

Square Bay

Bow Bay with GRP roof
and Georgian Bars

Bow Bay with GRP roof and
Queen Anne lead pattern

Bow Bay with
diamond lead pattern

Bow Bay with GRP roof and
decorative fan-lights

If you have inefficient windows and doors you will inevitably have high energy bills and will be paying for energy that you have used to heat the planet rather than your house.

Light Oak Bay with Rectangular lead pattern and decorative fan-lights

Light Oak with false mullion and gold square lead

Light Oak Casement with Rectangular lead and decorative fan-lights

Bespoke Light Oak fixed window with decorative mix of colour and lead

Light Oak Casement with false mullion and gold lead pattern

*Energy efficient windows
save money, energy and
reduce greenhouse gases.*
